## Work Experience

### Front End Developer, TetraPak

2023 - 2024

- Led the development of the main dashboard for the Human-Machine Interface (HMI), enhancing user navigation experience.
- Updated and optimized existing codebase, aligning with modern best practices for future project scalability.
- Engaged in cross-functional collaboration with backend developers, UX/UI, and other teams, ensuring cohesive and strategic project development.
- Employed Agile/Scrum methodologies for task management, participating and contributing to program increments, sprint reviews, and daily stand-ups.
- Mastered a suite of development tools including Confluence, Jira, and VDI, leveraging them to maintain comprehensive documentation and efficient project tracking.
- Demonstrated versatility by working independently and as part of a team to develop features, resolve bugs, and meet deadlines.

### Full-Stack Web Developer, 100 Devs

2021 - 2023

- Developed modern and scalable full-stack web applications individually and in teams.
- Contributed to community-driven open-source projects, supporting the development of educational programming tools and resources aimed to promoting free programming education.
- Completed freelance projects for private clients and delivered custom web solutions.

**Previous work experience available on request**
